effective with January/February 2010 issue

ART PAPERS is about contemporary art. That's all we've been about for thirty years—stubbornly, unpredictably, and reliably. Looking simultaneously at art communities across the USA and around the world, ART PAPERS scans the event horizon to challenge accepted notions and articulate new debates. Recognized as the independent critical voice that best covers all regions of the USA, we undauntedly assert a unique global perspective on what shapes art now.

Informed, inquisitive, and accessible, ART PAPERS is the essential, independent guide to contemporary art.
